

# 'Flying in IMC' - Actual stories from the pilots who do it for a living.

This will be an open forum with a group of 3 Instructors and a host. The purpose is to share actual instruction, examination and inflight experiences from those that do this for a living. Questions and experiences from the attendees will be discussed to make us all think and fly as safely as we can for ourselves and our passengers.

**Directions:** Flight Safety Hangar just west of the Vero Beach Airport Main Terminal Bldg. Enter on the west side of the Hangar, meeting in Classroom M. Plenty of Parking. Fly-ins park by C.J. Cannon's restaurant at main terminal and walk west 100 yards.
